## Go anywhere RC glider

The Alula-TREK is ready to make the journey wherever the lift takes you. The world's most popular bird-like RC flying wing is back and more refined than ever. Whether you're hiking on a mountain ridge, riding the breeze on a dune at the beach, or searching for thermals at the neighborhood park... the Alula-TREK is ready to go. Be inspired: fly where you never considered.

**arg**<sup>TM</sup>  
almost ready to glide

<b>Wingspan</b>	900mm (35.4 in)
<b>Wing Area</b>	16.71 dm <sup>2</sup> (259 in <sup>2</sup> )
<b>Weight</b>	156-170 gm (5.5-6 oz)
<b>Wing Loading</b>	9.3-10.2 gm/dm <sup>2</sup> (3.1-3.3 oz/ft <sup>2</sup> )
<b>Controls</b>	2 Channels (elevons)
<b>Skill Level</b>	EVERYONE!
<b>Assembly</b>	Under an hour
<b>Flight Style</b>	Nature-inspired light lift performer

**REQUIRES:** Transmitter with programmable elevon mixing and dual rates, 2 sub-micro servos, receiver, rechargeable battery, small tools. *\*Painted wingtip color scheme not included.*

*The Alula-TREK was developed from the ground up to provide pilots of all skill levels a unique RC soaring experience with minimal building skills required. Getting into the air has never been easier. The most refined Alula yet is ready to get out and glide, when you are.*

### KIT FEATURES

- “ARG” Almost Ready to Glide- NO GLUE interlocking design uses rare earth magnets
- Wide flight envelope navigates thermals with ease and can be ballasted to handle the gusts
- Precision-molded EPO foam and composite parts ensure a lightweight and durable airframe
- Wing retention system allows for quick break down and assembly at any location
- Easy wingtip launching for both left and right-handed pilots
- Designed to go where your spirit for adventure leads you!

Modular Design - a clever interlocking design ensures perfect wing surface alignment and a secure fit to the fuselage.

With a quick turn of the screwdriver, the Alula-TREK's wings can be secured or removed in seconds.

A rugged factory-installed belly skid is ready for those rougher touchdowns.

Roomy radio compartment with magnetic hatch provides easy access to your receiver and battery.

If the wind comes up, you will be ready! Quickly add or remove ballast from the Alula-TREK depending on the conditions.
